

Introducing the Mr. Mo Project

Helping senior dogs find their fur-ever homes.

With the help of great local and national partners, we are making senior dogs more adoptable by assisting with the expenses associated with welcoming them into your home. Not only are the friends of the Mr. Mo Project providing assistance with vet bills for the dog, they are also providing a helping hand to ensure that the dog has a smooth transition into their new family!

Rowdy to the Rescue, a 501(c)3 and the Mohawk Hudson Humane Society are reaching out to sponsors and donors to help senior dogs find loving families and new homes. *Any and all products or services are needed and greatly appreciated.* For example, here is just a sampling of sponsors and their contributions to the cause:
